DETAILED ACTION

Claim Objections

1. Claims 7 and 12 are objected to because of the following informalities: there is no antecedent basis for the term "the peripheral binding" in claim 12 and the spelling of "bonding" in claim 7 appears to be incorrect. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. Claims 3 and 5-12 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. There is no original disclosure directed to "naps" (or "maps"), as now set forth in claims 8, 10 and 11, to "latching elements", as now set forth in claims 3 and 6-9, or to "braid" as set forth in claim 12.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1772

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
